DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 2-3, 7-8 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 103

2. Claims 2-3 are rejected under 35 U.S.C. 103(a) as being unpatentable over Benson et al. (6,770,176).

Benson et al. teaches in column 8, lines 36-67, that the interlayer may be applied by sputter deposition and can be performed in an atmosphere of Ar, N₂ and O₂. The sputtering target may include a variety of materials. The sputtering target may include Li₃PO₄, Li₂O, etc. Other materials that may be included in the sputtering target includes SiO₂, etc.

Benson et al. teaches the claimed invention teaching that the target may include a variety of materials but does not specifically teach that the targets are Li₂O, SiO₂ and Li₃PO₄.

It would have been obvious to one having ordinary skill in the art at the time the invention was made to use three targets such as Li₂O, SiO₂ and Li₃PO₄ in the interlayer taught by Benson et al. because it is prima facie obvious to combine two compositions each of which is taught by prior art to be useful for the same purpose in order to form a third composition that is to be used for the very same purpose. See *In re Kerkhoven*, 205 USPQ 1069; *In re Susi*, 169 USPQ 423.

Allowable Subject Matter

3. Claims 1, 4-10 are allowed.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

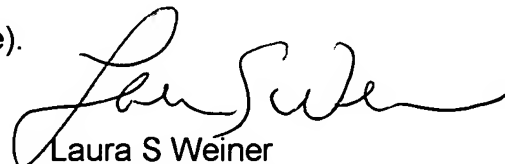

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
